

We are coming to your school to help you fight the flu!

We are providing optional FLU vaccines for students. Students will be given a paper consent in their ELA class. See additional attached electronic consent. The deadline to turn consents into their ELA teacher or the school clinic is 9/22.

WHEN: 10/02/23

WHERE: SSMS

COST: Vaccines are provided at NO COST to students, parents, or schools. We will always work with insurance companies and parents to ensure ALL students qualify.

WHY: By increasing the ease of the immunization process and reducing the burden on parents we will increase the vaccination rate of school-age children to help stop the flu chain in its tracks.
